£1 a week.*

Keeping you and your home safe

As security and safety specialists, we have been taking care of you and your home for over 35 years

We all value our homes, as a place of safety and sanctuary and this is why we offer solutions that give you the best possible protection. Smart system design and installation of the highest standards means you can keep your loved ones, possessions and property safe. Our security protects you around the clock and through our innovative design you always have flexibility and control.

With burglar alarms as well as fire and carbon monoxide detection, we can develop a full solution that meets all of your needs. You can automate your security from home or away and always feel safe in the knowledge that we are protecting what matters the most.

Our Solutions

 Burglar Alarms

 Fire Alarms

 Electronic Gates

 CCTV Cameras

 Keyholding

 Servicing & Maintenance

 GBSG Pulse®

Burglar Alarms

Designed specifically to cover your home, giving you maximum security

Our burglar alarms help to keep your property and possessions safe. This wireless solution will fit seamlessly into your home and provide real peace of mind.

Electronic Gates

Helping you control access to your property

Providing secure entry and access to your property, electronic gates can be controlled remotely or through a key fob, pin code or swipe card.

Fire Alarms

A life-saving essential part of any home

You are twice as likely to die in a house fire that has no smoke alarm and it's important that it is a fully working fire alarm system. Fitted as part of our home solution, our alerts can help keep your home safe even if you are away.

CCTV Cameras

Helps you deter theft and damage to your property

CCTV cameras can provide you with extra security around the outside and perimeter of your property.

Keyholding

With keyholding we can investigate a fire or burglar alarm activation for you

Keyholding can provide you with extra reassurance if you are away from your home for long periods of time.

Servicing & Maintenance

Keeping you secure with pro-active maintenance

With GBSG we offer on-going servicing and maintenance which includes a 24 hour emergency call-out service, so you can always be sure that your system is in good working order.

GBSG Pulse®

Helps you to keep control of your security, anytime anywhere. With alerts, designed by you to give you peace of mind. Includes support from our dedicated Helpdesk who can carry-out remote bug fixes.

Monitoring from only **£1 a week.***

Pulse Plus – monitor even more. You could also benefit from adding carbon monoxide sensors or medical alerts to your system. Speak to our team or visit www.gbsg.co.uk to find out more.
